## Processes and Care Delivery

# CONNECTED CARE NETWORK PILOT UPDATE

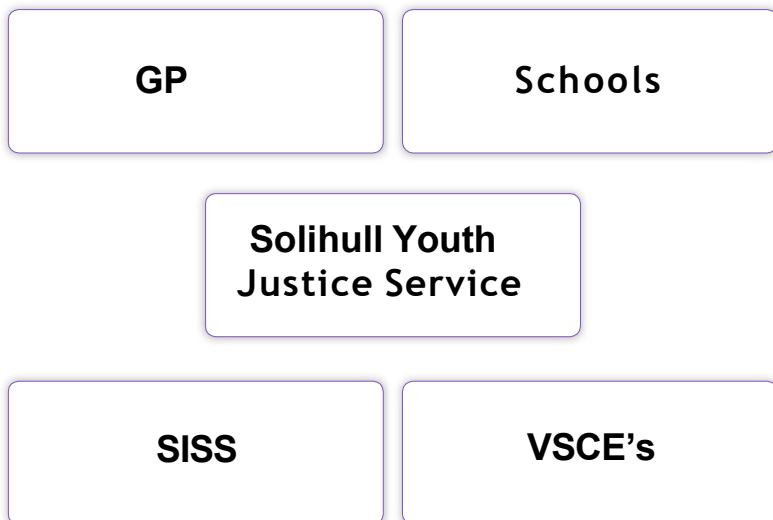

From Oct 23 - April 24 - NB IT System only live from Feb 24

**427** individual referrals for children.

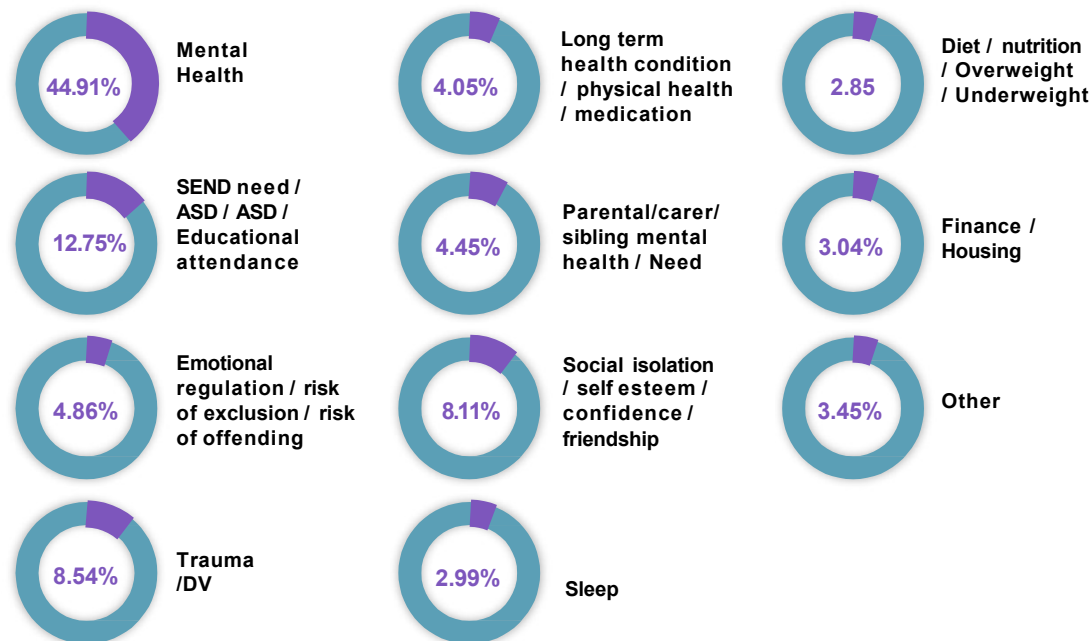

All children have been able to 'Tell their story once' and have been supported to access the appropriate advice and support through a range of voluntary and statutory organisations within their community.

## TOP 5 REFERRING AGENCIES

## Top needs identified by the CHILDREN AND FAMILIES WE SUPPORT

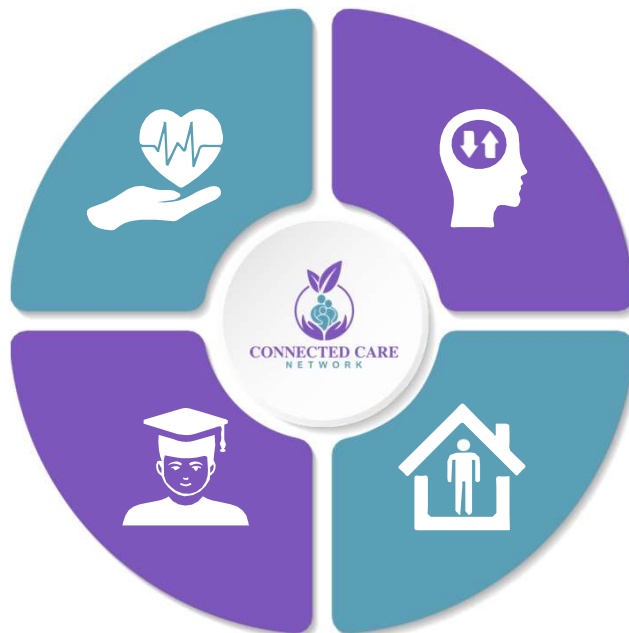

## WHAT WE ARE ACHIEVING?

**90%**

reported increase in being able to manage a long term health condition

**75%**

of CYP and their families feel more supported in their education since accessing the Connected Care Network

**63%**

improvement in managing day to day mental health needs .

**44%**

reduction in feeling socially isolated

**In the last 6 months**

**ALL reported needs/issues**

**happier families, happier children and feeling heard**

## Our Future

### Our Long Term Plan

- **Business as usual - needs resource and backing**
- **Fully integrate our model into the community**
- **Work with all parties interested in supporting CYP to collectively meet needs.**
- **Scale our model – Solihull wide**
- **Create a blueprint of scalability for other areas**
